Colin Powell to speak at UMR

Andy Tate
Staff Writer

It has recently been announced that Retired General Colin L. Powell, the former Chairman of the Joint Chiefs of Staff, will speak at the University of Missouri-Rolla on April 24, 1996.

Powell served as chairman of the Joint Chiefs of Staff from Oct. 1, 1989, to Sept. 30, 1993, under both President George Bush and President Bill Clinton and served as Chairman during the Gulf War in 1991. As chairman, Powell acted as the principal military adviser to the president, secretary of defense, and the National Security Council.

The title of Powell's speech will be "The Management of Crisis and Change." The lecture will begin at

Former Chairman of the Joint Chiefs of Staff Colin Powell will speak at UMR in April.

7:30 p.m. on Wednesday, April 24, at the Gale Bullman Multi-Purpose Building on the campus of UMR. This event will be free and open to the public, but tickets will be required. More information about ticket availability will be announced at a later date.

Powell's lecture is part of the continuing Remmers Special Artist/Lecture Series at UMR. This lecture series is supported through a fund established by UMR alumnus Walter E. Remmers and his wife, Miriam, both of St. James, MO. Some of the past participants in this lecture series include former President Gerald Ford; former British Prime Minister Margaret Thatcher; former U.S. Surgeon General C. Everett Koop; Thomas P. "Tip" O'Neill Jr., the former speaker of the U.S. House of Representatives; CBS News correspondent Charles Kuralt; and former U.S. Secretary of Defense Caspar W. Weinberger.

ID charge cards an issue at MU

Kyle Raymond
Staff Writer

Last semester the University of Missouri-Rolla, in cooperation with Barnes and Noble, began the student charge program. This program allows student IDs to be used to charge the cost of the text books to user's university account. The student charge system allows one the convenience to purchase expensive text books without having to pay for the books "up front."

The student charge program at UMR is quite similar to the program on the MU campus. There, one can not only charge text books with an ID, but one can also charge compact discs, shirts, and food throughout the campus. Since it was begun, this program has caused some problems with other stores in Columbia. Unfortunately, a similar problem has also accompanied the student charge to UMR, the com-

plaint of unfair competition.

The Missouri Bookstore, a separate bookseller located on the MU campus, does not have the ability to credit student's accounts for the purchase of text books. For the last two years, lobbyists for the store have attempted to pass legislation blocking the use of a student charge program on the MU campus. The first attempt of legislation was withdrawn, and last year, through the efforts of ASUM, the legislation was defeated. ASUM, a student organization which represents all four of the UM campuses in the state legislature, vehemently opposed the legislation because of the impact upon the students. The results of such legislation would not only prevent the charge of books, but would also see the end of charging meals and paying for tuition on a monthly payment basis.

As of yet, this problem has not surfaced this semester in either the legislature or here in Rolla. With the exception of a few complaints from Patty's Bookstore about unfair competition, the issue is relatively quiet.

Service for Dr. King to be held

Douglas Sobery
News Editor

A worship service to commemorate the anniversary of Dr. Martin Luther King Jr.'s assassination will be held at 3:30 p.m. Sunday, Jan. 28, at the First Presbyterian Church in Rolla.

Dr. King, a major figure in the fight for civil rights, was murdered while speaking to a small crowd from a hotel balcony in Memphis, Tenn.

The keynote speaker at the service will be the Rev. Darrell Luther, an assistant pastor of the United Community Baptist Church of Columbia, Mo.

This event was made possible

through the combined efforts of the University of Missouri-Rolla's African American Cultural Recognition Committee and the Rolla Area Chapter of the National Association for the Advancement of Colored People. It is among the highlights of the celebration of African American Cultural Heritage Month.

Luther holds a bachelor's degree in chemistry from Grambling State University in Grambling, La., and is currently working on a master's degree in science education at the University of Missouri-Columbia.

Among some of Luther's accomplishments are his position as a preschool teacher in the Columbia public schools, his work as the business manager for Soul Winners For Christ Choral, and is a member of Deliverance Outreach Ministries, which offers gospel workshops.

UMR celebrates African Culture

Douglas Sobery
News Editor

"African American Women: Yesterday, Today and Tomorrow" is the focus for this year's African American Cultural Heritage Month. Even though the month begins on February 1, UMR has scheduled several events for the month of January as well.

Events scheduled for the month of January include a Dr. Martin Luther King Jr. Birthday Celebration which was held on January 15, a NAACP "Yes I Can" banquet which is scheduled for January 27 and a memorial worship for Dr. King which will be held on January 28. State Representative Lloyd Daniel is scheduled to speak at this year's "Yes I Can" banquet and

tickets for the dinner, which will be held in Centennial Hall of UC-East at 6:30 p.m., are \$20 for adults and \$10 for students.

Events during the month of February include a call in program sponsored by KMNR and The National Society of Black Engineers on February 8, an oratory contest on February 10, and a speech by Dr. Debbie Turner, Miss America 1990, on February 17. The African American Heritage Month Banquet will be held prior to Dr. Turner's speech and tickets will be available for \$15 at the UMP ticket window in February.

All activities during the African American Heritage Month will be organized and sponsored by UMR's African American Cultural Recognition Committee. For more information about any of the events contact Mary Pully at 341-2667 or Marianne Ward at 341-4966.

Computing Services Short Courses, Winter 1996

Computing Services is offering a series of one or two day short courses to provide basic computer skills for faculty, staff, and students. Courses are structured training sessions that combine lecture and hands-on practice. There is no charge for attending a short course. Courses are offered on these topics:

Introduction to the Electronic Campus (NEW), Introduction to the Dial-up Facilities (NEW), Windows Basics, Advanced Windows, Windows Internet Software, Windows World Wide Web Development, WordPerfect for Windows 6.1, Eudora, Elm, Unix Networking, Unix OS Basics, Mac Basics, Mac Networking, Mac World Wide Web Development, Introduction to the PC and Novell Network, Wordperfect THESIS.

Details: Course schedules and descriptions are available online on the World Wide Web at <http://www.umn.edu/~cchtml/courses.html>.

You can receive a printed copy of the course schedule at the Computing Services office, MCS 114. The courses are free, however, signups are required. To register, contact the Computing Services office at 341-4841. Some courses have prerequisites or require a general purpose Unix account. Be sure to check before registering.

Courses by Request: Computing Services will schedule short courses upon request from UMR departments or student organizations. Topics can include any of the courses listed above. Faculty can request classroom presentations or

training on specific computer topics. Contact our department for more info.

KAPPA DELTA GOLD CARDS

The Epsilon Alpha Chapter of kappa Delta Sorority is once again selling Kappa Delta Rolla Gold Cards. Gold Card sales raise money for the sorority's national philanthropy, the Children's Hospital in Richmond, VA. Each Card entitles the bearer to continuous discounts from 15 local merchants until November 30, 1996. Cards cost \$5 each. Participating businesses include: Domino's Pizza, Shoney's, KFC, Java & Cream, Kent Jewelry, Dunkin' Donuts, Johnny's Smoke Stak, Adventuretime Video Station, Imo's, Marriott's University Center Cafeteria, Ozark Mountain Embroidery, the Coffee Grind, Sonic, Sunny Wall Flowers, and Pizza Inn. Cards will be arriving November 8, 1995. For more information, or the place an order for the cards, ask any Kappa Delta or call Jen Keifer at 341-3851.

Students are reminded that RESUMES ARE NOT AUTOMATICALLY SUBMITTED BY THE COC to companies for pre-screening for on-campus interviews. Each student must submit their own resume through the system to each company in which they are interested.

All COC application discs will be blocked Jan. 2, 1996. Students must update their disc and bring it to the COC to reload. Reloading for 2nd semester will begin Jan. 9 at the COC. Discs may not be purchased at the COC between Dec. 18 to Jan. 18, 1996. Discs will be available at 2nd semester COC orientations: Jan. 16, 17, 23.

JOB LISTINGS FOR STUDENTS NOW ONLINE

One of the hottest sites on the Internet is JOBTRAK OnLine (<http://www.jobtrak.com>). Long on content and short on hype this database is publishing over 600 new job listings a day (containing over 1800 openings) from employers specifically seeking to hire college students and recent graduates.

Turkey Leg Results Are In!!!

Missouri Miner

The Missouri Miner is the official publication of the students of the University of Missouri-Rolla. It is distributed each Wednesday at Rolla, Missouri and features activities of the students of UMR.

All articles, features, photographs, and illustrations published are the property of the Missouri Miner and may not be reproduced or published without written permission.

The Missouri Miner encourages comments from its readers, and will attempt to print all responsible letters and editorial material received. All submissions must have a name, student ID number, and phone number for verification. Names will be withheld upon request.

Submissions for publication must be in our drop box (first floor of the Norwood Hall, Room 103) by 3:30 p.m. on the Thursday before publication. Submissions, not including personals, will be accepted through E-mail (Internet) at MINER@UMR.EDU. The Missouri Miner reserves the right to edit all submissions for style, grammar, punctuation, spelling, length, and matters of good taste.

The Missouri Miner is operated by the students of UMR and the opinions expressed in it do not necessarily reflect those of the university, faculty, or student body.

OPINIONS

Lets Cheer on the Miners

Did you manage to make it out to the Gale Bullman Multi-Purpose Building this past week to see the Miners and Lady Miners in action? If not, you missed quite a treat. I've been following basketball for quite some time, and I must say this past week has produce some of the most exciting action I've seen for a while.

I realize that this is UMR, and that most people could care less about our sports teams. At the same time, I'm always hearing the eternal complaint, "There's nothing to do in Rolla." Well for free admission (actually you pay with student fees, which means you pay whether you go or not), a night of Lady Miner and Miner basketball can be a lot of fun. The student section is large, with great midcourt floor seats and its an excellent chance to scream your lungs out. Last Wednesday when the Miners faced off against UMSL, the students were really fired up, were on their feet for most of the second half, and helped to rally the Miners to an

awesome comeback which fell just short (see sports page 7).

I talked to a few devoted student-fans after the game and one said, "In the five years I've watched UMR basketball, I've never seen the crowd this into it." Head coach Dale Martin made a point to let us know that he was very pleased with the crowd support.

On Saturday the Miners faced Southwest Baptist and came back from a 19-point second half deficit to win the game by 15 in overtime. Once again the crowd played a big part in exciting the team as guard Michael McClain went on to score 30 points including the 3-pointer that sent the game into overtime.

The Miners are now 2-2 in the MIAA (the NCAA Division II conference that UMR competes in), and the Lady Miners are 3-1. It has been 20 years since the Miners won a conference title and in order to change that the Miners will need to defend the home court for every game. The Lady

Miners are working on their 7th consecutive winning season are also shooting for that all elusive MIAA crown. One thing that will help is a large crowd. The team feeds off of the crowd energy and all you have to do is talk to anyone who was there last week and they will tell you what you are missing.

Here's the challenge: Let's pack Gale Bullman. If you're in a Greek house, come as a group. Kappa Sigma made quite a showing on Saturday, and I'm sure the rest of you don't want them to get all the glory alone (to show I'm not biased, I live in the Quad and my house, Mac II, always makes a good showing, even when we're losing). So no matter where you live, check out the Missouri Miner Sports section for all of the latest on UMR basketball and make some room on Wednesday and Saturday nights to cheer the Lady Miners and the Miners on to victory!

The Student Union Board is currently accepting applications for the position of Concerts Director for the spring semester. Responsibilities include organization and planning of the St. Pat's Concert. Applications are available in the SUB office, 218 UC-West and are due no later than Wednesday, January 24.

Stanek elected fellow of IEEE

Jeff Leong
Staff Writer

Dave Repp

Dr. E. Keith Stanek, chair of the Electrical Engineering department at UMR, has been elected as a fellow by the Institute of Electrical and Electronics Engineers (IEEE) board of directors. The IEEE is the world's largest professional society and has members as prestigious as Thomas Edison and Alexander Graham Bell. The position of Fellow is the highest position given to members of IEEE and it is given to recognize the achievements of electrical engineers around the world.

Stanek has been chair of Electrical Engineering since September of 1993 and currently holds the position of Fred W. Finley Distinguished Professor of Electrical Engineering. He joined the UMR faculty in 1990 as coordinator of the UMR power engineering program. Prior to coming to UMR, Stanek received his bachelor's, master's, and doctorate degrees

from the Illinois Institute of Technology (IIT) in Chicago, Illinois. His specialization is in the research of power systems, reliability and safety, computer methods in education, and energy conservation.

Stanek has more than 25 years of teaching experience. Past credits include being a faculty member at the Illinois Institute of Technology, West Virginia University power engineering group, and professor and chair of Michigan Technological University Electrical Engineering department.

The Life and Times... Cookies, Hockey, and Christmas

Welcome back, oh fellow sufferers in the world of Rolla, Misery--uh, I mean, Missouri. Are we all settled back into our happy little routine of classes, homework, stress, and roughly 4 1/2 hours of sleep a night? (Ain't life grand?) While I'm not entirely sure of the long-term health benefits of this so-called lifestyle, you're better off settling down and accepting all of this as reality as soon as possible. Of course, the way the winter semester begins--with only three class days before the only extended weekend before St. Pat's--I doubt anyone really feels like school has begun yet again. I know I sure don't, but I'm blaming that on the fact that I've only got one class three days a week and a pretty decent schedule on the other two days, too. I'm having a seriously difficult time adjusting to that strange thing that others call "free-time," but I'm sure that my professors will take care of that little problem soon enough.

So, anyway, how was your Christmas break? Did you rest? Did you relax? Did you drink too much hot chocolate at the airport while watching the Blizzard of '96 bury any of your far-fetched hopes and dreams of

traveling easily over the break? I suppose I was lucky in that respect: I was able to drink all my hot chocolate in the comfort of my own home since the farthest I traveled over the holidays was about 30 miles into Downtown St. Louis.

Actually, though, I had a pretty interesting (perhaps unique?) vacation, as usual. I mean, how many others of you out there can say that on the first night you were home you had the pleasure of watching **Willy Wonka and The Chocolate Factory** with a 7- and 9-year old (my nephews, that is)? I don't know about you, but I gotta' wonder how the Oompa Loompas get that healthy glow about their skin.... The rest of the break was equally exciting. I baked more cookies than I really ever thought possible, and I think I've hit upon a new form of therapy. On the Tuesday before Christmas, I baked 44 little gingerbread people (my first experience with the inspiration for Heinz Ketchup: molasses) and, yes, decorated every single one of them, which, by the way, was not a particularly easy task. It takes quite a bit of creativity to decorate 44 gingerbread men, women, and children with only white frosting as a base, pink, green, and white deco-

rating gels, and a jar of those very tiny, very messy little candy decorating beads to work with. I was so proud of the little extended family I'd created that I had them all pose for a picture. And, by the way, it's a dang good thing I did so: the poor little critters didn't last long once my 3 nephews, one niece, and various assorted adults found them cowering beneath Saran Wrap on Christmas Day. So, yes, I think I'm going to patent this whole cookie-baking-decorating-picture-taking method as a new relaxation therapy. It worked for me and it doesn't require one ounce of Engineering intuition to complete.

Other little tidbits kept life interesting after the actual holiday. Much to the amazement of a certain younger sibling of mine, I went to First Night St. Louis for New Year's Eve. Why is this so amazing, you ask? Well, it's an alcohol-free event. See, in the eyes of anyone under 21, it is actually against the law for anyone over 21 such as myself to want to do anything in a celebration that does not involve liquor. I don't get it, but

see Life, page 10

Just Around the Corner

Staff Writer

be posted on the web page (<http://www.umn.edu/~stpat>) as soon as they are made available.

The St. Pat's Committee would like to express its deepest sorrows at the passing of our dear friend and Community Advisor, Sydney Hunter. We would also like to congratulate Nancy Brackhan on becoming our new Community Advisor. Also, due to a change in the University of Missouri taxing system, we must now charge \$20 for all Green Sweatshirts, but we've managed to keep all other prices the same. Pictures or descriptions of all our merchandise, sales locations, and ordering information for people out of town are all on the sales portion of the web page. Keep an eye out for new products and information being added and keep getting psyched up because the Best Ever St. Pat's '96 is only 57 DAZE Away!

It's 1996, and that can only mean one thing: the Best Ever St. Pat's '96 is almost here. What seemed so far away just a few short weeks ago is now becoming a reality. Now is the time to start working on your float and cudgel entries. Freshmen should be pulling out their shillelaghs soon because Rolla needs to be defended from snakes, and dried out shillelaghs swing much easier than water-logged ones. Also, keep an eye out for the rules for follies, gonzo and games so you can start practicing for the events. Descriptions and rules for all the events associated with St. Pats '96 will

SUBconscious

The Student Union Board will be kicking off the semester with the College Bowl on January 20th. Don't miss this chance to show off what you know and win cash prizes. If you want to be part of the fun, bring the \$10 entry fee and the names of three teammates to the SUB office by 4 p.m. on January 19th. If you're looking for less cerebral entertainment, check out jug-

gler Ron Pearson at 8:00pm on January 23rd in Centennial Hall. Ron Pearson, who has impressed audiences around the world with his juggling and his comedy, can be seen on "Evening at the Improv" and "Comic Strip Live." The first film of the semester will be "Desperado," with Antonio Banderas. The film will be screened this Friday and Saturday in ME 104 at 7:00 and 9:00pm.

THE MINER MUSIC REVIEW

Jeff Daniels

Music Reviewer

Welcome back. I will assume that we all had a pleasant break and did not want to return to good old UMR. I will promise you a lot of good reviews in the upcoming weeks.

Kid Ramos

Two Hands One Heart
Black Top Records

Performance 7
Sound Quality 8

Kid Ramos, the Fabulous Thunderbird's newest lead guitarist, tries his hand at a little solo work with the **Two Hands One Heart**

release. It would be hard to call this solely a blues cd; it is actually a combination of the big band sound, jazz, and a healthy dose of the blues. It works pretty well. The only aspect of **Two Hands One Heart** that I think is lacking is when harp player Lynwood Slim is on vocals.

There isn't enough emotion in his voice for a blues singer. The high points of the release would have to be Kid Ramos's extraordinary guitar work; no wonder the Fabulous T-birds picked this guy to replace Jimmy Vaughn. The other highlight would have to be the special guest Janiva Magness who does lead vocals. She is either a spectacular singer or Lynwood Slim's poor vocals makes her sound better.

Kid Ramos packed **Two Hands One Heart** with 16 tracks, so you really get your money's worth. Here are a few of my favorites. "So Good

To My Baby," "It's Been A Long Time," and "Ain't Gonna Quit You Baby" all have Janiva Magness on lead vocals and all are excellent. "Done Deal" and the title track "Two Hands One Heart" are both nice instrumentals that really let Kid Ramos show what he can do with a guitar. The title track is a special favorite since it is acoustic. Despite Lynwood Slim's vocals, he can play one hell of a good harp on "If You Don't Think I'm Sinking." The last track, "Roll Mr. Jelly," is an upbeat number with lots of New Orleans's piano.

This is a pretty good cd. I would recommend it to any T-bird fans out there. After the last release from the T-birds that was not up to their normal quality, I think most people will like this cd better.

The Big Payback
RoadRunner Records

Performance: 7
Sound Quality: 6

These guys bring the heavy sound of New York's metal to a new level. The talent they possess is amazing. The guitar riffs and solo action are clear and to the point. The influential guitar squeal of Sepultura peaks out in quite a few songs. This may or may not have been on purpose, but it's way cool. The songs are all fast with strong vocals and awesome sounding drums. "Overfueled" is the opening song and definitely earns that right. The overall vocal tone from this first song until the last one on the album is pretty similar, but the rhythm

section adds that spark to keep the pattern of vocals from being monotonous. Some of my favorite picks off this release were "Lockdown," "Down," "Life Sentence" and "Enslaved." As time goes on, I think this band will get more notoriety and will be touring more often (and hopefully soon.) This is definitely a selection to have for the metal heads.

Perception Becomes Reality

Christmas vacation means a break between the semesters, a time to buy things for people you never see, and countless questions from one's family like, "What are you going to do with a philosophy degree?" Another good point about the pause we experience is the release of the winter films. The three of the best films released during this time were **Four Rooms**, Oliver Stone's **Nixon**, and **12 Monkeys**.

Four Rooms, the long awaited film which features four vignettes, one story by Quentin Tarantino and one by Richard Rodriguez. The four stories center around a bellhop, portrayed by Tim Roth, who is the only person working in the hotel on New Year's Eve. As the film progresses, Roth becomes involved in four bizarre situations, ranging from a coven of witches, to an old **Twilight Zone** episode. Roth attempts to play the role much like Jerry Lewis's role of a bellhop, in **The Bellboy**. In that film, Lewis uses just his body language to communicate and navigate through another series of wacky misadventures. Getting back to **Four Rooms**, the film works as a slapstick comedy. The cast, a montage of cameo appearances, adds an entertaining twist to a well-written film.

When one thinks of Oliver Stone, the first image is that of a paranoid, schizophrenic filmmaker. The second thought might be a good filmmaker interlaced with controversy. **Nixon**, Stone's newest film easily fits both criteria. Obviously, the story details the Hollywood version of Richard Nixon, and how a man of such great power could be driven to near oblivion. The main point of the film is not to educate the audience about Nixon, but to reinforce Stone's on-going theme of the corruptibility of man when given too much power, and the consequences

of that act. Sir Anthony Hopkins gives a remarkable performance as the president, but the best performance belongs to Paul Sorvino. Sorvino, a character actor in several films and has even been on a **Star Trek** episode (Worf's human brother) captures the true persona of Kissing. Yes, he does try to do the voice, but that is just method acting; the true power came from his performance. Establishing a strong, dominant, yet sincere and intellectual persona should grant Sorvino with a Best Supporting nomination.

The final film, **12 Monkeys**, directed by Terry Gilliam (of Monty Python fame) examines one's place within reality and attempts to expand the boundaries of that reality. Bruce Willis portrays a man sent from the future into the past, in order to save the future. As he interacts with the past, in search of the Army of the 12 Monkeys, the film moves deeper into a paradox. As every character moves within the boundaries of sane and insanity, the audience becomes trapped in either a delusory manifestation or a heroic endeavor to save mankind. The film is excellent, but I must stop at this point, for if I continue, I will ruin the film. One piece of advice, pay attention.

Halloween, Circle K Style

Circle K
SOURCE

Last semester, Circle K International and Steps to Excellence co-sponsored a Halloween party for area children, inviting them to trick-or-treat at the Rolla Presbyterian Manor on October 30, 1995. Members of Circle K International and residents of the nursing home passed out candy.

Circle K International, or CKI, is an organization for college students

which blends community service, fellowship, and outstanding leadership development. It is a part of the K-Family which includes the Kiwanis Club. The UMR chapter of CKI was chartered last January. Since then, the members have planned, organized, and participated in numerous service projects to benefit the campus and community. Some of the projects included cutting and hauling wood to a needy family, knocking down pins during the Big Brother/Big Sister Bowl-athon, and cleaning a river. The club also began an annual city-wide Bone Marrow Registry Drive, one of its biggest projects.

The home crowd roared as the Miners rallied late

Matt Ryan
Staff Writer

The Miners took on two tough teams this past weekend in basketball. Coming off of a loss to MIAA rival Northwest Missouri State (summary of winter break games on page 10), the Miners took on the Rivermen from the University of Missouri-St. Louis on Wednesday. The Rivermen proved to be too much for the Miners, who, despite a great comeback effort, lost 83-82. The Miners were able to beat Southwest Baptist on Saturday, in overtime, by a score of 81-66.

The first game, against UMSL, featured the teams staying close to one another in the early going, with the teams trading baskets. The Miners held a 4 point lead with 8:07 left in the half. UMSL scored the next thirteen points in six and a half minutes to make the score 39-28 in their favor. During this stretch, the Rivermen capitalized on three charging fouls by the Miners, including two by Tim Holloway in a 45 second span. The Rivermen also crashed the boards, gaining numerous rebounds on both ends of the court. Marc Tompkins was able to score 3 points in the last minute and a half of the period, so that the half time score was UMSL 41-UMR 31. The Miners

Miner Forward Marc Tompkins attacks the hoop in last Saturday's unbelievable comeback as UMR defeated Southwest Baptist 81-66 in overtime. UMR is now 2-2 in the MIAA.

shot just .333 in the first half, well off of their average of .493 coming into this game, while the Rivermen shot .514.

Coming out at halftime losing by

ten, the Miners allowed the Rivermen to score the first six points of the half in only two minutes, including two points on free throws from a bench technical. UMSL was able to continue

with this lead, eventually having a 17 point lead with 7:20 showing on the clock. Scott Rush and Tim Holloway led the Miners on to 10 unanswered points, starting off with a three pointer by Rush. They each got 5 points in under two minutes. The crowd started to become a factor during this run, as the stands became loud. The Miners pulled to within 5 points with three and a half minutes left. For the next two minutes, the Miners were able to muster only one point, while UMSL got nine points to make the score 76-63 with a minute twenty left. The Miners began to turn up the pressure, fouling when they had to. Their tenacious defense did not allow the Rivermen to score a field goal in this last period of the game and UMSL shot only 9-14 from the free-throw line. The Miners shot numerous three-pointers and were able to pull within 3 with 9 seconds left. UMR had to foul in order to stop the clock, which they did with 3 seconds left. Todd Miller, of UMSL, missed the first free throw, but hit the second to ice the game for UMSL. Kevin Conkright was able to hit a three pointer at the buzzer to make the final score 83-82 in favor of UMSL.

Overall, the Miners shot .355 in the game, which was well below their average, while UMSL shot .462, spelling the difference in the game. Part of this difference was the fact that UMSL got a few easy baskets on defensive lapses by UMR. The Miners showed a lot of guts, however, as they pulled together and made a game of it. Their defense, which is how UMR must win games,

see Miners, page 10

Lady Miners take it to the hoop for two victories

Brian Sharp
Asst. Sports Editor

The Lady Miners have gotten off to a strong start in the MIAA conference with victories over Lincoln, Missouri-St. Louis, and Southwest Baptist and their only conference loss so far to Northwest Missouri State to establish a conference record of 3-1, and 12-2 overall.

The Lady Miners opened their MIAA conference season on the road against the Tigerettes of Lincoln University. The Lady Miners capitalized on the poor shooting, 10-30 from the field, of the Tigerettes with excellent shooting of their own, 17-33 from the field to take a 12 point lead at the end of the first half 43-31. In the second half,

the Lady Miners continued their excellent shooting by hitting 17 of 29 while Lincoln shot even worse with 9 of 32 shooting allowing the Lady Miners to stretch their lead to 34 by the end of the second half and went on to win 91-57. Four Lady Miners scored in double figures with Jen Arnason coming off of the bench and Becky Reichard each scoring 18 points apiece. They were followed closely by Tobi Rees and Christie Williams with 17 and 15 points respectively.

In their second straight road trip, the Lady Miners traveled to Maryville, Missouri to challenge the Lady Bearcats of Northwest Missouri State. Unfortunately the Lady Miners weren't able to come home victorious after being beat 86-70 by the Lady Bearcats. The Lady Miners and Bearcats shot almost equally from the field with the Lady Miners shooting 30-73 for the game while the Lady Bearcats shot 30-72 from the field. But the Lady Bearcats

won the game at the free-throw line. The Lady Bearcats shot 23-29 from the free-throw line while the Lady Miners only were able to attempt 10 free-throws and made only 6 of them. The Lady Bearcats went on to win by 16 points 86-70. Heather Hartman lead the Lady Miners with 21 points and 6 rebounds and followed by Becky Reichard with 12 points, Christie Williams with 9, and Tobi Rees with 8 points and 11 rebounds.

Last week the Lady Miners had their first home conference game against the Riverwomen of Missouri-St. Louis. The game started very sloppily for both teams. The Lady Miners had committed 7 fouls which put UMSL in the bonus in the first 5 minutes of the game. The game was close throughout the first half with neither team being able to put away the other. A couple of questionable calls by the officials led to technical fouls on Tobi Rees and Jen Arnason. UMSL made a 9-0 run to

close out the final 2 minutes of the half leaving the Lady Miners trailing 29-31 at the end of the half. In the second half the Lady Miners regained the lead with the help of the emotional play of Jen Arnason. Once the Lady Miners regained the lead, they never looked back and stretched their lead and went on to win by 13, 76-63. Once again the Lady Miners had 4 players score in double figures and three players rebound in double figures. Leading the scoring was Becky Reichard with 18, Tobi Rees with 12, Heather Hartman and Jen Arnason each with 11, and Christie Williams with 9. Leading the rebounding was Heather Hartman with 13, Jen Arnason with 11 and Tobi Rees with 10. The Lady Miners dominated the boards with a rebounding advantage of 66-45. Both teams shot horribly in the first half with the Lady Miners shooting 9-31 from the field and the

see Lady Miners, page 10

Lady Miners gettin' busy over break

Brian Sharp
Asst. Sports Editor

When most of us were studying for finals and looking forward to the end of the semester, the Lady Miner basketball team improved their record to 9-1 to close out the non-conference part of the season. They extended the unbeaten streak to 9 games with convincing victories over William Jewell and Hannibal LaGrange. The streak came to an end when the lady miners traveled to Manhattan, Kansas to face the Kansas State Wildcats where the Lady Miners were unable to escape with a victory.

In the game against William Jewell, the Lady Miners dominated right from the start. The Lady Miners capitalized on William Jewell's poor shooting, 7-31, in the first half to end the half with a 31-19 advantage. The second half was a little more even but William Jewell was never able to close in on the Lady Miners who went on to win with a score of 69-53. Christie Williams and Heather Hartman led the Lady Miners with 18 points apiece and followed by Becky Reichard with 12. Heather Hartman also contributed 13 rebounds and 2 blocked shots in the victory.

Three days later the Lady Min-

ers dominated Hannibal-LaGrange. The Women Trojans of Hannibal LaGrange were no match for the Lady Miners. The Lady Miners' defense limited the Women Trojans to only 12 first half points on just 4-21 shooting while the Lady Miners posted 51 points and shot over 50% in the half. The Lady Miner's dominance of the Women Trojans continued in the second half as well. Six Lady Miners scored in double figures with Jen Arnason leading the way with 20 points and followed by Becky Reichard with 18, Heather Hartman and Beth Ragsdale each with 14, Amber Fischer with 13, and Christie Williams with 12. Amber Fischer also contributed 10 rebounds, 2 blocks and 3 steals in the victory.

The Lady Miners winning streak came to an abrupt end when they faced off against the Wildcats of Kansas State. The Lady Miners were in the game in the first half and only trailed by 5 points at half-time, but the second half did not go quite as well for the Lady Miners. In the second half the Lady Miners shot .273 on 6-22 shooting and were only able to muster 15 second half points while Kansas State rattled off 35 second half points to extend their lead to 25 with a 64-39 victory over the Lady Miners.

Now that the Lady Miners have finished the non-conference part of the season they can begin to prepare for the MIAA season where they are predicted to finish 7th in the pre-season coaches poll.

Miners gain national ranking, fall to Drury, and come up on top in Seattle

Carl James
Sports Editor

A lot has happened since our last issue in Miner basketball, so we'll try to get you caught up. When we left off, the Miners had just defeated nationally ranked Eckerd in the Pepsi-Cola/Ameritech Shootout heading into "dead week," and took it easy with games against division III opponents Maryville and Westminster. Despite the Miners' tendency to play to the level of their opponents, they handily defeated both teams in what looked a lot like street ball. Senior guard Michael McClain put on quite a show, picking up 21 assists in the two games.

The Miners undefeated season to this point got the attention of national pollsters as the Miners were ranked

19th in the first NCAA Division II poll since play began. After finals, Lyon came to Rolla for a rematch of an early season game, but were again defeated by the Miners 86-63. With the momentum building the Miners would have to face their first real challenge on the road in Drury College. The Drury battle proved futile as the Miners dropped their first game of the season to the Panthers 73-59.

UMR then packed its bags and took a trip to the west coast (a first for a Miner team) to play in the Oak Harbor Classic in Seattle, Washington. The Miners first opponent was strong NAIA #28 Central Washington. The game went sluggish for the Miners, but they ended on top 75-69. The real test would be Seattle Pacific on their home court. Seattle Pacific was coming off a conference championship the previous year, and a pre-season national ranking when they hosted the Miners. It wasn't enough though, as the Miners domi-

nated Seattle Pacific 81-68.

The Miners were feeling pretty good as the season started all over again with the beginning of MIAA play. Before classes began the Miners had two MIAA challenges on the road with Lincoln and Northwest Missouri State. The Miners invaded Jefferson City on January 3, and with good all around play UMR claimed victory 68-59. Through most of the season to this point the Miners were really spreading the offense around, and one player stepping up really wasn't necessary. The MIAA always provides new challenges and the first to step up for the Miners was forward Marc Tompkins. Tompkins managed 24 points, despite fouling out against Northwest. Fouls were also a problem for forward Jamie Brueggeman and guard Terry Smith. The Miners fought the close game out to the end but Northwest pulled the game out 71-66. (Last weeks games are cover on page 7).

UMR

Miner Sports Profile: Jamie Brueggeman

45 Jamie Brueggeman
6-9 Sr., Centralia, Ill.

Senior Forward Jamie Brueggeman has been leading the Miner Basketball team this season. Two-time Honorable Mention All-MIAA and Honorable Mention Pre-Season All-American, Brueggeman is now in his final season. Brueggeman already holds the UMR Career record for blocked shots and is making his mark in career points as well.

Brueggeman came to UMR from Centralia, Illinois. He is majoring in civil engineering and has made quite a mark for himself academically. He said that maintaining school work as well as evening practices, games, and road trips is a difficult juggling act for a student athlete.

He also said that academics does hinder recruiting efforts at UMR. The coaching staff is intent on not only getting good athletes, but also

making sure that they have a good chance at succeeding academically.

Jamie was forced to sit the bench for a good portion of last season due to a stress fracture and said, "That was really tough. I had never missed a game before in my life." Brueggeman made a return for a few games last season and helped UMR defeat in UMSL in a thrilling home matchup. This season Brueggeman has much more help with the additions of Michael McClain, Terry Smith, and the continuing development of sophomore Marc Tompkins.

Jamie said he's planning to stay at UMR next year to finish his degree, but his basketball eligibility will be up. If you want a chance to see #45 in action, get out to the Gale Bullman Multi-Purpose Building for one of the many home matchups ahead.

■ Carl James, Sports Editor

Heather Hartman shoots a jump shot against some tough Lady Bearcat opposition while Jen Arnason blocks out for the rebound. The Lady Miners came back in the second half to defeat Southwest Baptist 68-62.

MINERS

NCAA basketball at the midpoint

The midpoint of the college hoops season has arrived, and if the first half of the season was indicative of things to come, then just wait until tourney time.

UMass (14-0) has proven to be the powerhouse of the nation after wins over Wake Forest and Memphis, but is now without the services of center Marcus Camby. Camby collapsed before a game on Jan. 14, but is expected to make a full recovery and return to the court within the month. Cincinnati (11-0) has surprised everyone with consistent play and desire to win on the road. Wins at Arkansas and Cal solidified Cincy's top ranking through the break, but the true test of this team will come in February as the tough road games against conference opponents begin. Expect Cincy to weather the storm and finish first in Conference-USA.

Kansas (12-1) is still the team to beat in the Big Eight. Scot Pollard played exceptionally well in wins at Oklahoma St. and Florida, and received the Big Eight player of the week award. The Jayhawks have shown little trouble winning this season, and should finish first in the Big Eight. After an early season loss in the Great Eight Tournament, the Kentucky Wildcats (13-1) have won eleven consecutive games and are preparing for the SEC conference games. As expected, Tony Delk is leading the team to wins with excellent outside shooting. The frontcourt combination of Mark Pope and Antoine Walker is unstoppable, and

when combined with Delk's outside shot and floor leadership, the 'Cats are primed for a run to the tourney.

UConn (14-1) is proving to be the biggest surprise in the nation. The alley-oop combination of Ray Allen and Kirk King is becoming all too common. With a conference victory at Villanova, UConn showed the nation that it can run with the big boys. Back-to-back February games at Villanova and Georgetown will be the true test of this team.

The bonehead play of the break is awarded to the Kansas Jayhawks for overseas play in France. In losing two games to French pros, the 'Hawks looked pathetic. All-America guard Jacques Vaughn fouled out of the first game in less than three minutes. Why? In France, a player is fouled out after three fouls. After the game, Coach Roy Williams stated that he didn't know about the rule. This is a rather embarrassing thing to admit, as head coaches should be expected to know the rules of the game being played. Know the rules, then play the game.

Dwayne's Top Ten

1. UMass
2. Cincinnati
3. Kansas
4. Kentucky
5. UConn
6. Wake Forest
7. Villanova
8. Georgetown
9. Memphis
10. North Carolina

Swimmers dominate in meet

The UMR swim team completed the season sweep of Northeast Missouri State this past weekend with a 127-76 dual meet victory.

The Miners won all but three events in a complete domination of the competition. Leading the way were Freshman Todd Lundburg and junior Bill Unzicker who won five events between the two of them. Lundburg took both distance races and Unzicker won the 200 IM, 200 fly and 200 breast. Also winning events for the Miners were Senior Pete Baumstark in the 200 back, Ryan Uptmor in the 100 free and the 400 medley relay team of Eric Jelinek, Wade Haggstrom, Brandt Modlin, and Evan Aspinwall. Taking second places

were John Mikrut in the 200 free, Uptmor in the 50 free, Haggstrom in the 200 IM, Dave Cadoff in the 200 fly, Aspinwall in the 100 free and the 400 free relay of Aspinwall, Mikrut, Jeff Rueschhoff, and Randy Jones. Third places were won by Rob Hagan in the 50 free and the 500 free, Modlin in the 200 fly, Jones in the 100 free, Jeff Rieker in the 200 back, and Haggstrom in the 200 breast.

The Miners next meet is this weekend here against Drury College. The meet is free and begins this Saturday at 1:00 pm at the UMR pool. Come out and support the Miners!!!

NBA...fun, fines, follies, and Bulls

Chris Kulifay
Staff Writer

Welcome back sports fans, to another semester here at UMR. The NBA is still going strong, and while we were gone, a few things have happened. As most people expected, Sacramento was finally deposed of their lead of their division by Shawn Kemp and his Seattle Supersonics. Also, if you're a Chicago Bulls fan these are good times for you. The Bulls, with their starting lineup of Ron Harper, Michael Jordan, Scottie Pippen, Dennis Rodman, and Luc Longley have stretched their stranglehold on the rest of the NBA by going an amazing 30-3, continuing their undefeated streak at home. At this rate, the Bulls will eclipse the NBA's

69-win record by accruing an incredible 74-75 victories. With Air Jordan back in form and the Worm on the boards, basketball fans in Chicago seemingly have little to fear.

Friday was an interesting day for basketball fans, and especially for NBA refs. In two separate incidents, ex-Knicks coach Pat Riley of the Miami Heat and Dennis "The Worm" Rodman of the Bulls were fined for abusing officials. Riley was fined \$10,000 for criticizing referees (with heavy profanity, especially to the media afterwards) after a 90-89 loss to the Portland Trailblazers. Also on Friday, has the true Dennis Rodman finally exposed himself in Chicago? Dennis was fined \$5,000 and received a game ejection in the Bulls' 113-87 victory over league-leading Seattle. On his way out, the Worm yanked off his jersey and threw it into the ecstatic Chicago crowd.

Lately, the Bulls just can't seem to stay out of the news, and Saturday was

no exception. Early in the season, Jerry Stackhouse of the Philadelphia 76ers had bragged that he could beat Michael Jordan in a one-on-one competition. He was given the chance Saturday night when Stack's 76ers played MJ's Bulls. With MJ and Stack covering each other, maybe Jerry thought he had the opportunity to back up his words. He was wrong. MJ scored a season-high 49 points against Stackhouse's defense, and held Stack to under 15. In non-Bulls related news, Dana Barros of the Boston Celtics finally ended his streak of consecutive games with a three-pointer on Friday against the New York Knicks. He shot 0-6 from tre-range, finalizing his streak at an NBA record of 89 games. Well, that's pretty much it for this week.

Welcome back, and remember if you have any suggestions or need NBA info, just e-mail me at kulifay@umr.edu and I'll see what I can do. Until next week, I'm out.

Life

I do tend to be a little slow sometimes. We had a great time (when else are you going to find giant lycra-covered people running around downtown and then walk through the belly of a whale just before going to watch an Elvis impersonator and then ballroom dance?) and there was actually more to do than we had time to see. Then, the following week, we tried to get Blues tickets to the Blues-Penguins game (which, after seeing **Sudden Death**, I really wasn't entirely sure I wanted to attend), but of course, it was sold out on account of the possibility of Mario Lemieux playing, which, also of

course, he didn't. (I solved this little disappointment by planting myself in front of the T.V. and cable box and cheering loudly anyway... great game.) The ultimate insult, however, came when I was enjoying the benefits of our newfound cable T.V. (yes, my home was actually the last household in the entire free world to get cable) and watching **Addam's Family Values** just so I could use Showtime before the cable company caught up with the paperwork and turned off the premium channels when, lo and behold, the cable company caught up with the paperwork and turned off the premium

channels. Wah. Wah wah wah.

So, folks that was it. I hope you've enjoyed this little jaunt down my memory lane. I do have one more thing to mention, however. See, this happens to be my 8th and last semester here in these hallowed halls before I get that all-powerful DEGREE. This could mean one of several things: a) I'm going to be sappier than usual. b) I'm going to be more sarcastic than usual. c) I'm going to run screaming from campus even more than usual. Looks like we're in for one heck of a semester, folks. Good luck and may the force be with you.

from page 5

been looking for. These live recordings of the best songs from their previous albums with an addition of 2 new songs definitely puts this album on my Mosh List. "Wasting Away" brings out the fast chaotic drum beats molded with the guitar's rhythm certainly gets any metal head bobbin'! The tracks that dropped my listening levels to somewhere near nosebleeding had to be "Guerillas," "Exploitation," and

"Blind and Lost." In case you are one of the few, and I mean few, that haven't heard of these guys, they have mixed a level of thrash with a touch of the industrial scene. If you like Ministry, then you should be able to appreciate Nailbomb. The guitar work is hard and heavy with vocals and drum effects that only build this group to an awesome stature. Pick up a copy and again, you won't go wrong.

Miners

from page 7

improved greatly as the game went on. The leading scorer for the Miners was Terry Smith, with 18, while Jamie Brueggeman chipped in 16 points and 11 rebounds.

very cold shooting. They made only 7 of 27 field goals in the first half, 2 - 9 in three point attempts. They were out rebounded 27-16 in this half. The Miners were able to get only one shot off most of the half, with Southwest Baptist dominating the boards. Southwest Baptist shot much better, and was able to make 5 three pointers.

To start the second half, coach Dale Martin came out with a very small lineup, starting Scott Rush, Marc Tompkins, Michael McClain, Terry Smith, and Tim Holloway. The Bearcats had a clear size advantage, which allowed them to jump out to a 19 point lead, with 13:34 left. The Miners were ready for their run. By this time, the sizes had been equalled up, and Jamie Brueggeman, well-rested by this point, joined Tompkins under the boards. (Jeff Kokal, due to an injury,

was able to muster only two minutes in the second half). With a score of 51-32, Michael McClain took over. Helped by tenacious defensive pressure by his teammates, McClain scored 8 unanswered points in a 2 minute period, charging up his teammates to a 21-2 run which ended up tying the game with 4:49 left. By this time, the large crowd was into the game. The Miners were able to gain a one point lead with 2:35 left in the game. However, the Bearcats scored four points to make the score 60-57 with 31 ticks left. Who do the Miners turn to tie the game? Michael McClain, who hit a three-pointer with 9 seconds left to tie it up, and then did not allow the Bearcats to get a good shot off.

Having come back from such a huge deficit, and playing at home, the Miners had the momentum going into

the overtime. The Miners were able to go on a 14-1 run at the start to ice the game. The Miners ended up with a 81-66 win over Southwest Baptist. Michael McClain ended up with 30 points, including 21 points in the last 13 minutes of regulation. Marc Tompkins led the team in boards, with 13, and ended up with 16 points. Tim Holloway ended up 13, and Terry Smith had 11. The majority of the game was played by these four players and Jamie Brueggeman, with Cam Lindsey spelling the guards when they needed a rest. These six saw 202 of a possible 225 minutes of action.

This week showed the Miners as a very determined team. They got off to very slow starts in both games, losing by at least 10 at halftime. The games were very similar in that they had difficulties shooting at first but warmed

up considerably as the game went on. They were able to mount great comebacks, relying on tenacious defense to create turnovers and bad shots. While this never say die attitude is great, hopefully they won't dig themselves a hole in the future, as it will be tough to win on the road in this fashion.

The Miners have two road games ahead of them: Wednesday they will face up against the Bulldogs of Northeast Missouri State, and on Saturday they will travel to Kansas to face the Pittsburgh State Gorillas. The Miners next home game will be against the defending MIAA champions Washburn Ichabods on Wednesday, January 24, in the Gale Bullman Multipurpose Building. Admission is free to students with I.D., and the Bud Lite Dardevils will be on hand to give a show at halftime.

Lady Miners

from page 7

Riverwomen shooting 8-33 from the field. In the second half the Lady Miners heated up and shot 19-36, but the Riverwomen remained cold and shot 10-41 from the field.

This past Saturday, the Lady Miners were visited by the Lady Bearcats of Southwest Baptist. Once again the game started out very sloppy for the Lady Miners. The Lady Miners committed 19 turnovers in just the first half. The Lady Bearcats capitalized on the turnovers and pulled out to a 7

point lead at the end of the half 28-21. In the second half the Lady Miners fell behind by as many as 9 points but were able to get back in the game with strong play from Becky Reichard down the stretch. The Lady Miners overcame the deficit and went on to victory winning with a score of 68-62. Becky Reichard led the Lady Miners with excellent shooting and a strong second half. She made 7-14 from the field, 5-6 from three point range, and 6-9 from the free-throw line en route to scoring 25 points

with 22 of them coming in the second half. Helping out with the scoring were Heather Hartman with 12, Jamie Martens with 10, and Tobi Rees with 9. Leading the rebounding for the Lady Miners were Heather Hartman with 13 and Tobi Rees with 8.

The next two games will be on the road where the Lady Miners will be invading Northeast Missouri State and MIAA conference leader and undefeated Pittsburg State. GOOD LUCK LADY MINERS!!!

Aid

his biographical information, including parent/student activities, background, and college/major information.

Upon completion of this profile, FASTWEB begins its search, and within minutes the student is presented with a detailed online list of outside grants, scholarships, fellowships, internships, and loans he is eligible to apply for. Approximately 1200 new awards are added to the FASTWEB database each day. FASTWEB automatically updates each student's profile based on these new awards. FASTWEB also provides a general information section describing various Federal Student Financial Aid programs.

Students are encouraged to use FASTWEB to learn more about financial aid and keep abreast of eligible awards.

GLAMOUR MAGAZINE'S 1996 TOP TEN COLLEGE WOMEN COMPETITION

Any woman who is a full-time junior (third year of undergraduate study) at an accredited college or university for the 1995-96 academic year is eligible to enter. This competition recognized exceptional achievements; the vision, determination and academic excellence of female college juniors from across the country. Applications available in the Student Financial Aid Office, G-1 Parker Hall. Deadline must be submit by: January 31, 1996.

AMERICAN ELECTROPLATERS AND SURFACE FINISHERS SOCIETY

The American Electroplaters and Surface Finisher Society offers separate scholarships for university or college undergraduates and graduates who demonstrate that their training (or research) is related to plating and surface finishing technologies.

ELIGIBILITY:

- * Undergraduate students must be studying in metallurgy, metallurgical engineering, materials science or engineering, chemistry, chemical engineering, or environmental engineering.

- * Selection factors include achievement, scholarship potential, motivation and interest in the finishing technologies.

- * Must be a full-time student during the academic year the scholarship is received.

- * Financial need is not a factor.

APPLICATIONS AVAILABLE IN THE STUDENT FINANCIAL AID OFFICE, G-1 PARKER HALL. APPLICATION DEADLINE: Must be postmarked by April 15, 1996.

NATIONAL ACADEMY FOR NUCLEAR TRAINING SCHOLARSHIP

The National Academy for Nuclear Training Scholarships are awarded to college students who have demonstrated outstanding academic achievement and who are interested in pursuing

careers in the U.S. nuclear power industry.

ELIGIBILITY:

To be considered for a National Academy for Nuclear Training scholarship, students must meet the following requirements:

- * Be a U.S. citizen or U.S. national
- * Be considering a career in the nuclear power industry

- * Be enrolled at an accredited U.S. college/university in an approved curriculum related to a career in the nuclear power industry, such as: nuclear engineering, chemical engineering (nuclear or power option), mechanical engineering (nuclear or power option), electrical engineering (nuclear or power option), power generation health physics

- * Be free of post-college obligations (e.g., ROTC or NUPOC)

- * Have a minimum GPA of 3.0 (on a scale of 1.0 to 4.0) as of January 1, 1996.

- * Must have remaining at least one but no more than three academic years of study. (for co-operative education students, no more than six in-school semesters or nine quarters)

APPLICATIONS AVAILABLE IN THE STUDENT FINANCIAL AID OFFICE, G-1 PARKER HALL.

APPLICATION DEADLINE: MUST BE POSTMARKED BY FEBRUARY 1, 1996.

MISSOURI PRESS FOUNDATION FOUNDATION'S COMMUNITY JOURNALISM SCHOLARSHIP PROGRAM

THIS IS AN OPPORTUNITY FOR JUNIORS, SENIORS AND GRADUATE STUDENTS ENROLLED IN NEWSPAPER JOURNALISM COURSES AT MISSOURI FOUR-YEAR COLLEGES AND UNIVERSITIES TO APPLY FOR SEVERAL (AT LEAST THREE SCHOLARSHIPS WILL BE AVAILABLE FOR THE 96/97 TERM) \$2,000 SCHOLARSHIPS. SCHOLASTIC ACHIEVEMENT, EXTRACURRICULAR ACTIVITIES AND STUDENT LEADERSHIP ALSO WILL BE CONSIDERED BY THE SELECTION COMMITTEE. APPLICATIONS MUST BE ACCOMPANIED BY A BRIEF ESSAY ON THE TOPIC "COMMUNITY NEWSPAPERS PLAY AN IMPORTANT ROLE IN MISSOURI." THREE LETTER OF RECOMMENDATIONS ALSO SHOULD ACCOMPANY APPLICATIONS.

APPLICATIONS AVAILABLE IN THE STUDENT FINANCIAL AID OFFICE, G-1 PARKER HALL. DEADLINE FOR APPLYING FOR THIS SCHOLARSHIP IS MARCH 1, 1996.

CRANE FUND FOR WIDOWS AND CHILDREN SCHOLARSHIP

THE ADMISSIONS/STUDENT FINANCIAL AID OFFICE WISHES TO MAKE STUDENTS AWARE OF THE CRANE FUND FOR WIDOWS AND CHILDREN. THIS PROGRAM IS:

1) FOR NEEDING AND DESERVING WIDOWS AND CHILDREN OF

MEN WHO, AT THEIR DEATH, HAVE LEFT THEIR WIDOWS AND CHILDREN WITHOUT ADEQUATE MEANS OF SUPPORT OR

2) DESERVING WIVES AND/OR CHILDREN OF MEN UPON WHOM THEY ARE DEPENDENT FOR SUPPORT BUT, BECAUSE OF AGE OR OTHER DISABILITY, ARE UNABLE OR FOR OTHER REASONS, FAIL OR NEGLECT TO ADEQUATELY SUPPORT THEN RESPECTIVE WIVES AND/OR CHILDREN.

IF YOU MEET THE ABOVE TERMS FOR THIS PROGRAM YOU MUST COMPLETE A CRANE FUND FOR WIDOWS AND CHILDREN APPLICATION TO BE CONSIDERED FOR FUNDING.

THE CRANE FUND FOR WIDOWS AND CHILDREN APPLICATION CAN BE RECEIVED IN THE STUDENT FINANCIAL AID OFFICE, G-1 PARKER HALL. APPLICATION FOR THIS PROGRAM FOR THE WINTER 96 SEMESTER WILL BE ACCEPTED THROUGH FEBRUARY 16, 1996.

ROY N. MCBRIDE LOAN/SCHOLARSHIP AND C. J. GRIMM SCHOLARSHIP

QUALIFICATIONS ARE THAT RECIPIENTS SHALL BE JUNIOR OR SENIORS WHO ARE PROGRESSING SATISFACTORILY TOWARD A BACCALAUREATE DEGREE IN ENGINEERING AND SHALL BE PERSONS OF GOOD CHARACTER, HIGH INTEGRITY, AND COMMON SENSE, AND HAVE A GOOD SENSE OF APPLIED ENGINEERING. A CUMULATIVE GPA OF 3.00 IS REASONABLE CUT-OFF FOR SELECTION OF SCHOLARSHIP RECIPIENTS. RECIPIENTS MUST ALSO HAVE FINANCIAL NEED STUDENTS WHO RECEIVED AN AWARD THIS YEAR WILL NEED TO REAPPLY TO BE CONSIDERED FOR A 1996-97 AWARD.

THE SAME APPLICATION PROCESS AND FORM WILL BE USED TO SELECT RECIPIENTS OF THE C. J. GRIMM SCHOLARSHIP AS THE REQUIREMENTS ARE QUITE SIMILAR. THE GRIMM SCHOLARSHIP REQUIRES THAT STUDENTS BE IN THE UPPER ONE FOURTH OF THEIR CLASS AND FINANCIAL NEED IS NOT TO BE CONSIDERED.
